CLASSROOM PARTIES INFORMATION

Parent/Guardian Name: _____

Child's Name: _____ Teacher: _____

Our school recognizes three holiday classroom parties during the course of the school year. They are Christmas, Valentine's, and Easter. Each family will be asked to assist with at least one party for their child's class. Parties are held during the second half of the school day (usually beginning at a class lunchtime) and last approximately 1 to 1-1/2 hours. A fun meal, dessert, craft activity, and game(s) are the most common activities organized by the parents for the party.

Please note: *If your child is enrolled for 5-day attendance in the 2's class, you will be asked to help with two parties (one for the Mon/Wed/Fri class and one for the Tues/Thurs class). Since a child attending 5 days in the 2's class is technically in two separate classes, this helps us balance equally the parent assistance needed for the class parties. We will assign you the same party to help with for both classes (for example, the Christmas party for the MWF & Tu/Th classes) unless you let us know that you would like to be assigned to two different parties.*

Please identify below your 1st, 2nd, & 3rd choices for helping with parties. We try to accommodate first choices, however, please be aware that we have to spread the help around all three parties so we may have to assign a second or third choice. After we group parents with parties based on this sheet you return, the teachers will let you know which party we'd like you to help with. The teachers will ask one parent from the group to lead the organizing for that particular party. Parents will be provided general guidelines for organizing the parties; however, we love for our parents to have fun and be creative with their child's class party.

Parents are welcome to attend any party even if you have not been assigned to help. If a family does not celebrate a particular holiday and would prefer their child not to participate in the party, it is not a problem for him/her to be absent or picked up early on party day.

By assisting with and participating in the class parties, you are helping to make preschool a fun and exciting experience for your child and his/her classmates! We really appreciate all the parents do to make party days special!
